Please read the terms and conditions on the back of this sheet before filling in this form. Filling in the form does not mean you have entered into any sort of legal contract with us (Northern Gas Networks) and you do not have to send any money. This form is only for you to ask us for a quote. You and we will only enter into a legal agreement once you have accepted the quotation for us to carry out any work.

This application is only for a gas connection. You must contact your gas supplier to supply and install a meter. They may make a charge for their work. If you do not have a gas meter fitted within 12 months, we may disconnect the service pipe for safety reasons.
