UPDATED NOTICE OF REVISED STANDARD DOMESTIC CONNECTION CHARGES

NGN Standard Connection Charges are being revised with effect from 26 August 2008, in order to reflect changes in the costs of providing these services. This is the first change in many of these prices for over two years. The changes to the charges are set out in summary below:

- **Standard domestic connection charges** – These charges are increasing by an average of 1% but there has been some significant re-balancing of charges between different work types. The new charges are shown in attached schedule.
- **Standard service alteration charges** – These charges are being increased by an average of 27%. The new charges are shown in attached schedule

The new prices will apply to quotes issued from 26 August onwards. Quotes issued prior to this date will be honoured at the price quoted provided the quotation is accepted within the quotation validity period.
